

Yvan Brice LELE LELE

Actuarial Analyst · Non-Life Pricing & Reserving · Data Science

Brussels, Belgium | lelebrice3@gmail.com | linkedin.com/in/yvan-lele-50019a26a
github.com/YvanLELE | markovreserve.streamlit.app | pensionview.be

PROFESSIONAL PROFILE

Actuarial graduate (Université libre de Bruxelles) with hands-on experience in insurance pricing, underwriting support, risk management and financial analysis, and a strong focus on non-life (P&C) pricing and reserving methods — chain-ladder, Bornhuetter-Ferguson, Cape Cod and semi-Markov multi-state models. Experienced in building robust, well-documented actuarial models and in translating complex datasets into clear, decision-ready insights for product, underwriting and risk stakeholders. Confident across Python, R, SQL, SAS and Power BI, with a strong appetite for data-driven pricing, automation and AI-enhanced actuarial workflows, and a quick learner of new platforms and tools. Brings rigour, precision and attention to detail in model design, validation and documentation, with a proven ability to explain technical results clearly to diverse audiences.

SKILLS

Core competencies: Non-life (P&C) pricing, actuarial modelling, reserving methods (chain-ladder, Bornhuetter-Ferguson, Cape Cod), life pricing, underwriting support, risk monitoring, stress testing, backtesting, model validation & documentation, data reporting, financial analysis, compliance

Technical skills: Python, R, SQL, SAS, Power BI, Excel, VBA, MATLAB, Java

EDUCATION

Master's Degree in Actuarial Science

Université libre de Bruxelles (ULB) — Brussels, Belgium · Sep 2022 – Jan 2026

- Dissertation: semi-Markov multi-state individual claims reserving in non-life insurance.

Exchange Programme

Université catholique de Louvain (UCLouvain) — Belgium · Sep 2023 – Aug 2024

Master's Degree in Financial and Economic Engineering

University of Dschang — Cameroon · Sep 2018 – Jun 2022

Baccalaureate in Mathematics and Physical Sciences

GBHS of Penja — Cameroon · Sep 2011 – Jul 2018

PROFESSIONAL EXPERIENCE

Actuarial Intern — Belfius Insurance

Brussels, Belgium · Feb 2025 – Jul 2025

- Assisted the Life Pricing and Product team in the pricing and management of life insurance products.
- Contributed to VBA automation projects, risk premium calculations and initial pension fund management work.

Actuarial Intern — Prudential Beneficial Insurance

Douala, Cameroon · Sep 2021 – Sep 2022

- Supported the underwriting, life pricing, non-life pricing and risk management teams.
- Built hands-on experience in insurance analytics, strengthening a solid foundation in actuarial studies.

Financial Assistant — CAPOCOP

Littoral Region, Cameroon · Oct 2020 – Sep 2022

- Performed financial analysis, credit management, compliance and risk management tasks.
- Developed finance, risk and client-relationship skills in a local financial development context.

Financial Assistant — Municipal Administration of Penja

Littoral Region, Cameroon · Mar 2019 – Sep 2019

- Collected and formatted numerical data for financial reports.
- Prepared summary financial statements.

PROJECTS

MarkovReserve — Semi-Markov Individual Claims Reserving Engine

[markovreserve.streamlit.app](#) · [github.com/YvanLELE/markovreserve](#)

- Semi-Markov individual claims reserving engine for non-life (P&C) insurance; follows claim trajectories through IBNR, RBNP, RBNS, Closed0 and Closed+ states.
- Estimates reserves by simulation, computes one-year CDR and benchmarks results against chain-ladder, Cape Cod and Bornhuetter-Ferguson.

PensionView.be — Automated Employee Benefits Reporting Platform

[pensionview.be](#)

- Actuarial reporting platform for Employee Benefits teams, making reporting workflows more efficient, structured and accessible for pension and benefits professionals.

LANGUAGES

French (native), English (professional working proficiency), Dutch (in progress — CVO Semper), Spanish (basic)

ADDITIONAL ACTIVITIES

Dutch Language Courses

CVO Semper, Vrije Universiteit Brussel · Sep 2025 – Present

Mathematics Tutor

Schola ULB — Brussels, Belgium · Sep 2022 – Sep 2023

INTERESTS

Volunteering, community involvement, travelling and discovering new cultures.
